#### **Article 7 Procedures (Game phase)**

To enter this competition, participants simply need to complete the participation form and insert it into the designated boxes at Isokinetic centres between 5th February 2024 and 31st March 2024. Each eligible patient is allowed to participate by filling in a single form. Prior to the draw, all forms will undergo verification to confirm the winner. In cases where multiple forms are discovered under the same name, the additional entries will be deemed ineligible.

Participants below the age of 18 must obtain consent from a parent or guardian, and if the prize is won by a minor will be presented to the parent or guardian, whose details must be specified in the confirmation message.

To redeem the prize minors must be accompanied by a responsible adult (parent or guardian) as their plus one.

Company employees are not eligible to participate in the competition.

### **Article 8 Arrangements for awarding prizes**

The drawing will be conducted at the registered offices of Isokinetic Medical Group by Francesco Della Villa, the Director of the Isokinetic Education & Research Department and President of the Conference, in the presence of a notary public or Chamber of Commerce official.

A single "TITULAR" winner will be selected from the pool of participating patients for each Isokinetic centre, accompanied by three "BACK-UP" winners for each respective centre.

### **Article 9 Cases of invalidity of drawn names**

The draws will be considered invalid if it becomes impossible to notify the participant of their win. The inability to inform the winner encompasses scenarios such as providing incorrect contact details (telephone and e-mail) on the coupon or not granting explicit consent to be contacted by Isokinetic. In the event of an invalid draw necessitating the awarding of the prize to a backup winner, the process involves substituting the initially drawn and excluded name with the first functional name on standby, following the order of the initial draw. If the name on standby is also deemed invalid, the prize will pass to the next backup participant in sequence. Should the number of backup participants be insufficient to replace the original winner and any invalidated backup participants, the prize will be considered "not awarded."

### **Article 10 Terms of delivery and acceptance of prizes**

Winners will receive notification of their prizes via email during the week of 15th April. To officially accept the prizes, winners are required to respond to the email within 48 hours. Failure to accept the prizes within the stipulated timeframe or in the specified manner will result in forfeiture of the prize in favour of the first available backup Participant. The standby recipient must also adhere to the prize acceptance procedure outlined above. If standby recipients in a given month decline to accept the prize, it will be categorised as "unclaimed." Prizes are only valid for use on the dates set by the competition organisers: 24th, 25th, and 26th May 2024, following the provided guidelines.

### **Article 11 Miscellaneous**

Participating in the competition implies the participants' unequivocal and complete acceptance of the rules and provisions outlined in these Regulations, without any restrictions. Involvement in the competition is voluntary and incurs no fees. The data of participants will be handled in accordance with the information provided at the time of coupon signature. Notably, Isokinetic Medical Group Srl, as the data controller, will refrain from conducting customer data profiling during this event. Data processing will only occur for the duration strictly necessary for the effective management and organization of the competition.

Winning participants are expected to attend the conference, share the narrative of their clinical case and the experience of the awarded trip through video footage and photos capturing the most significant moments. These materials will be published on Isokinetic's official online channels.

The company explicitly declares the waiver of any right to recourse regarding withholdings for income tax purposes.
